You watch porn...

When I created the survey, I considered porn consumers people who sees porn more than once a month. Curiously, there where 16 people (7 women, 9 men) that watch porn more than once a month and do not consider themselves as porn consumers. On the other hand, 9 persons (5 women, 4 man) that watch porn very rarely consider themselves as porn consumers.

💬 Comments

The following are comments from the respondents of the survey. The fact that are listed here does not mean that I share the expressed opinions.

Porn is destructive not only to the actors/actresses but also the viewers. The way porn distorts reality puts pressure on relationships and marriages leading to fictitious expectations. Additionally, the addictive attribute it has is equal to that of drugs and alcohol. If people want to love others well (which I believe they do), they should love themselves first by eliminating porn from their lives.

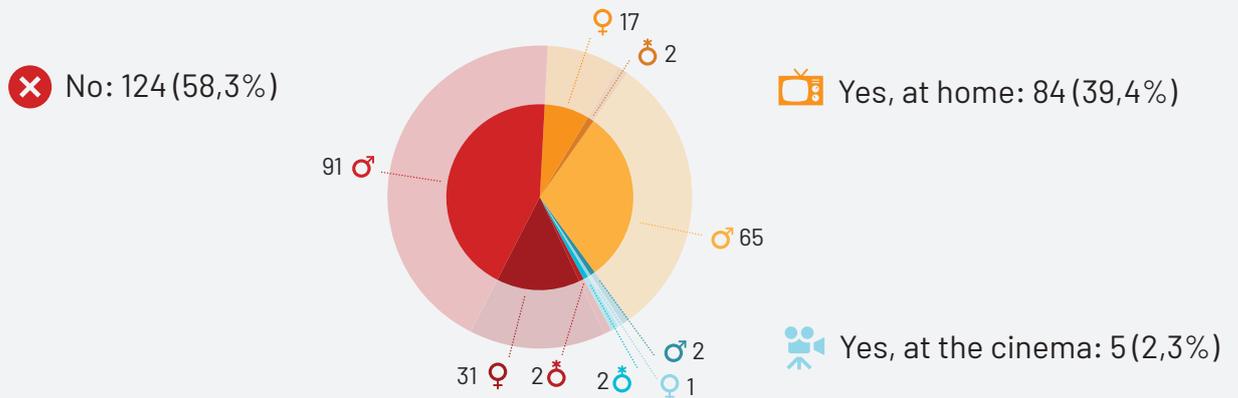

* Porn is against Christianity!!!

I watch hentai or soft porn because actors and cartoons are more "credible". Even Hollywood films can be more arousing. As a woman, I don't think porn actresses are enjoying themselves

I do not watch porn, because it is boring. I call it born many times. Compared to actual sex, it in no ways provides the joys and pleasures of a good and active sex life.

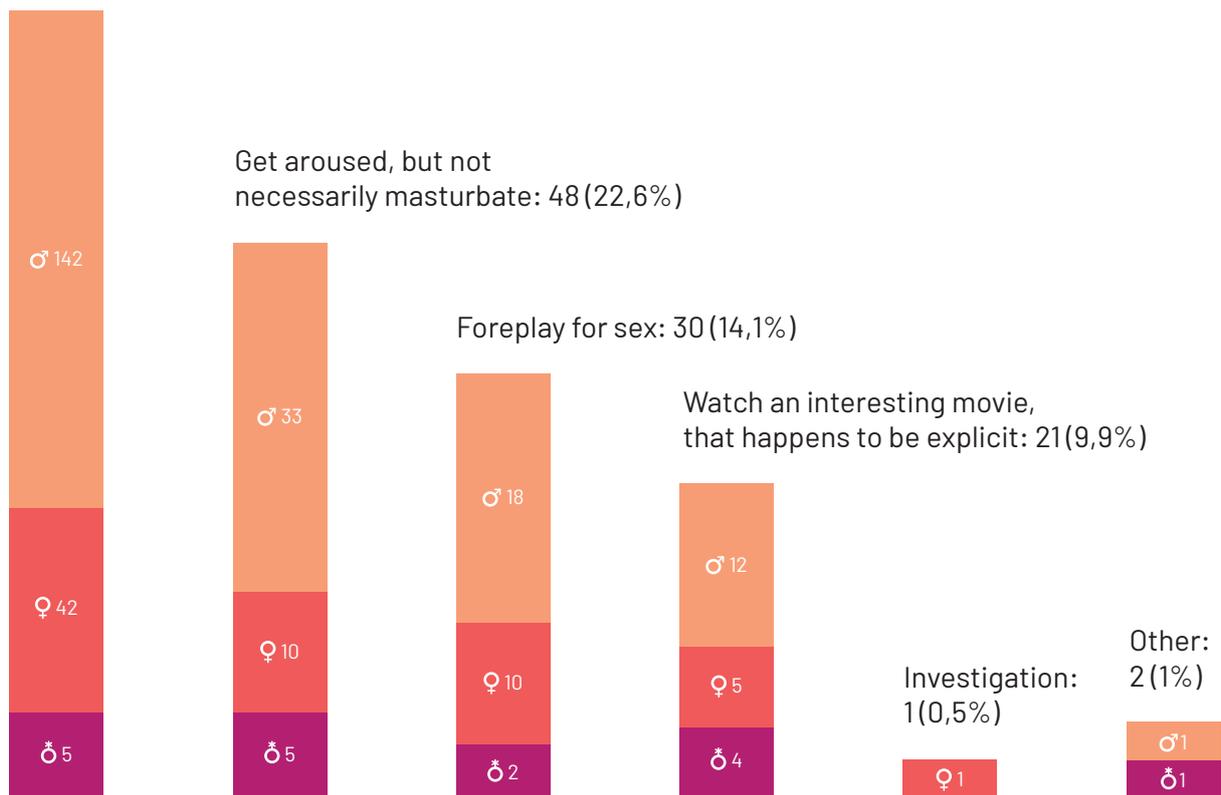

I prefer other sexual experiences, like imagination or erotic literature.

Have you seen a full porn movie?

When you watch porn, your intention is...

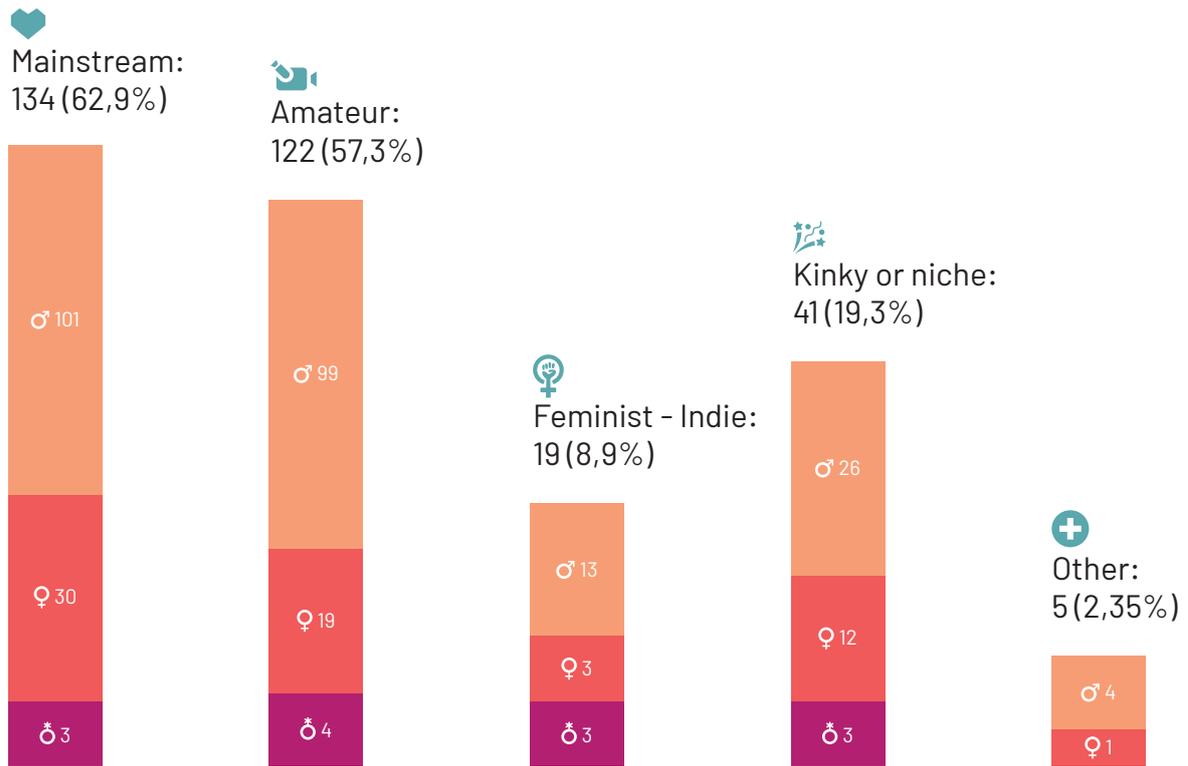

Masturbate: 189 (89%)

! Only 24 people (1nb, 7w, 6m) didn't consider masturbating within their reasons to watch porn. Within the persons that use it only as a foreplay for sex (7), there are 2 woman and 5 man. Out of them, 6 saw the full movie. 130 persons watch porn only to masturbate (27w, 103m); 6 of them saw a full movie (all of them woman).

👁 People who watch porn more than once a month

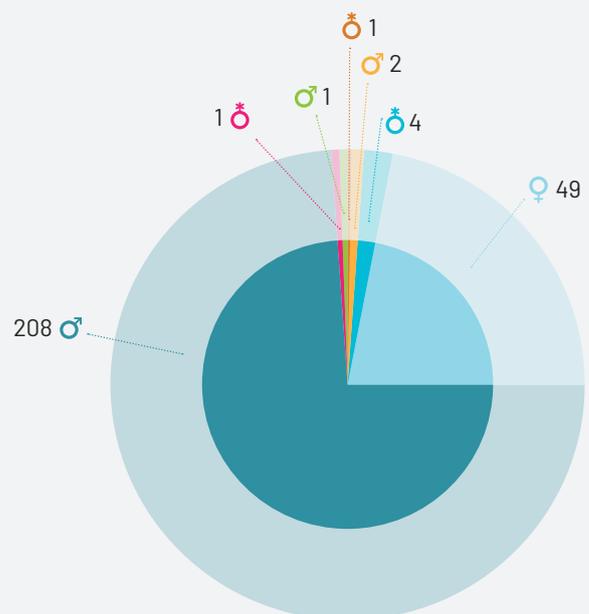

Which kind of porn do you search for?

! Mainstream + Amateur is the most common combination. Even though the sample is quite small, it seems that people who searches for Feminist-Indie porn have a tendency to watch the full movie (12 vs 7)

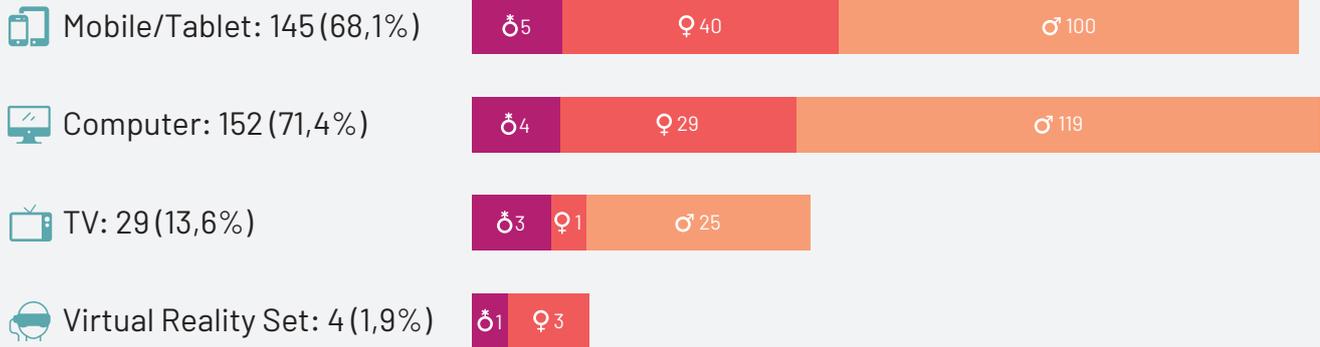

Where do you find what you want?

- 💰 On the Internet, I pay for it: 3 (1,4%)
- 🆓 On the Internet, in free places (tubes, Twitter, downloads): 208 (97,7%)
- 🏪 In sex-shops or Amazon, I like to own the physical video: 1 (0,5%)
- 📺 Cable TV: 1 (0,5%)

Where do you watch porn?

When it comes to porn, do you ever get frustrated if you don't find what you are searching for?

This question was optional. Only 167 people answered.

🗨 People who feel frustrated relates issues like getting tired of mainstream porn (unrealistic, repeating scripts, drivel), hard to find something they can relate to (something that seems real instead of fake), impossibility to find the full video, difficulty to find a video they've seen before or that the results they get are not what they are looking for.

♂️ Publish your findings, we're curious.

Author's note: Your wish is my command ;)

♀️ Porn should be more socially accepted!

♂️ Sex is most beautiful thing in life just fuck it

♂️ I think porn addiction is a serious problem affecting people's sex life and it should be talked about more

♂️ In porn scenes I am looking for physical perfection. Real bodies I like more, of course, but in the real life. Porn is just fantasy and that's why I watch it.

♂️ Porn is nice

♂️ The survey is poorly organised and very low quality.

Author's note: I am sorry you feel that way. I created a quick and easy to answer survey, focused in the topics I am interested in.

♂️ I'm addicted to porn

Author's note: If you truly believe that, seek for help. All addictions are dangerous.

♂️ Porn is not bad. Cheers

♂️ Google forms responses are not anonymous at all (practically anyone on the network can see it)

Author's note: I didn't ask for any personal data in the survey. Only I have access to the responses, and I can't see who responded what. If you have any concern, feel free to contact me.

♀️ To be more sensual the porn. And also to stop thinking that the porn is only for men

♂️ Just sugar is ok, to much of sugar is bad, alcohol is ok, to much of alcohol is bad. Porn is ok, to much of watching porn is bad for you.

♂️ It is very good that everybody can try to do porn and understand that it is very hard work but not just a fun

The closer I'm to somebody emotionally the less porn I watch meaning that when I'm romantically interested in somebody, even as going on a few dates, I stop watching porn, as it seems dishonest to the other person, even if they would be ok with it.

Gianna Michaels and Memphis Monroe should be back in business!

I'd like to see more awareness about more natural and true porn

Sometimes the tagging is not accurate and that is where the disappointment comes from. Or there is a tag about some practice that happens only a few seconds.

Sex is better than porn.

I prefer DDLG and ABDL - so that means, this category is only amateur and I'm dissapointed.

More love, less war

"It started very mainstream, but with the years, it has become more and more niche specific. Specific niches are often do not have so much free material, so there are times a paid subscription is considered.

Read/listen something from Jordan Peterson. With opened mind.

Author's note: I know him and I find him quite sexist and homophobic.

Too many single girls but they are all looking for mister perfect, reason for most man to run to porn hub sites.
